

Some small bibliographies about buddhism

Do they say it is easy to find references about buddhism? I am currently a student in buddhist studies at Sydney University, and I spend a lot of time watching blank screens on my laptop as chunky PDF files download, in a search for relevant references for assignments. Perhaps these references here will help you. If you have got to this webpage in search of a reference, may you be free from *sajjhāyadukkham* (the stress of studying) .. *Bhavam!* – Craig
